"A shocking betrayal of Ohioans."

Akron Beacon Journal Editorial Board

Householder, the indicted ringleader of the \$61 million HB6 bribery scandal, poured tens of thousands of *corrupt* dollars into Lampton's primary election campaign. ⁽¹⁾

"Lampton then paid one of Householder's indicted co-conspirators over *\$55,000* to run his campaign media operation." ⁽²⁾

1 Ohio Secretary of State 2020 Pre-Primary and Post-Primary campaign contribution reports.

2 Ohio Secretary of State 2020 Post-Primary campaign spending reports.

In short: Lampton took money from the corrupt Householder team. Lampton gave money to the corrupt Householder team, because Lampton wanted to be on the corrupt Householder team.
